Program, President National Association of IDeA Principal
Investigators (NAIPI)

Mission

The mission of NAIPI is to provide leadership and communication for the development, promotion and improvement of biomedical research through the IDeA programs including INBRE, COBRE, CTR, I-RED and other IDeA programs.

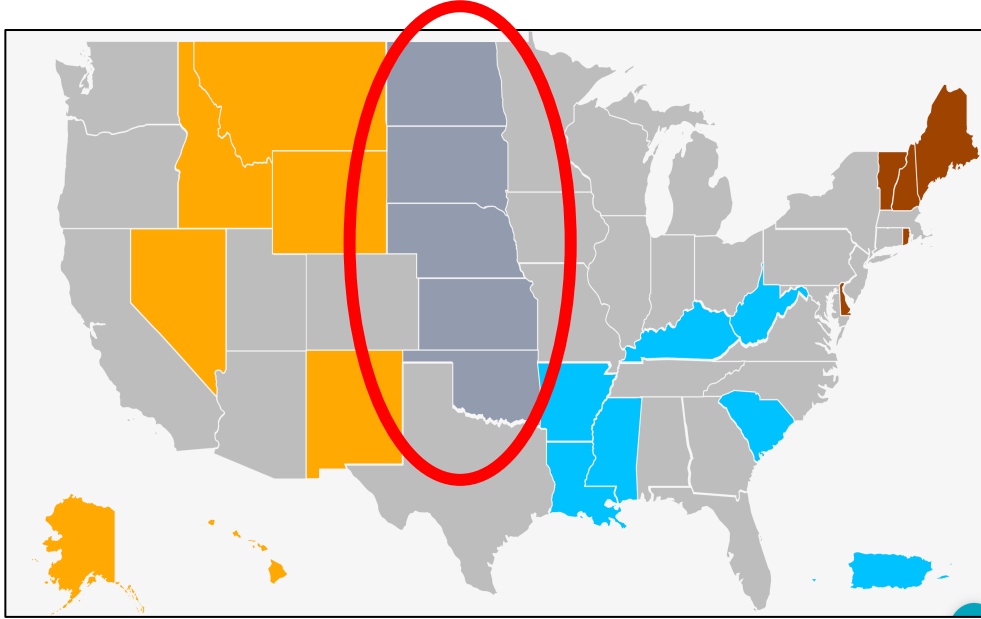

Membership

Voting members of NAIPI shall consist of the Principal Investigators of the INBRE, COBRE, CTR, I-RED, and any other future new center grant mechanisms of the IDeA program. Former IDeA Principal Investigators will have emeritus status, without voting rights. The NIGMS staff will be advisory, ex officio members.

Objectives

- To foster interactions between the IDeA Program and its constituencies
- To promote resource sharing among the INBRE, COBRE, and CTR Programs
- To enhance the visibility of the IDeA Program
- To develop a consensus on priorities and new directions for the IDeA Program
- To identify and disseminate best practices within the IDeA Program
- To identify opportunities and develop strategies to achieve the common goals of the IDeA Program.
